

Reliable Industrial Sourcing

Partner from India

We connect global industries with quality products and manufacturing solutions from India through engineering understanding, trusted partnerships and professional execution.

WHAT MAKES VEDAM DIFFERENT

ENGINEERING UNDERSTANDING

We understand your application and technical needs before we recommend a solution.

QUALIFIED MANUFACTURERS PARTNERS

We work with pre-qualified, capable and ethical manufacturers.

QUALITY ASSURANCE

We ensure quality through supplier evaluation, inspection and documentation at every stage.

EXPORT EXECUTION

We handle export documentation, compliance and logistics with professionalism.

LONG-TERM PARTNERSHIP

We value relationships built on trust, transparency and consistent performance.

SINGLE POINT OF CONTACT

One dedicated team manages your sourcing, quality and export needs end to end.

Engineering & Industrial Solutions from India

Connecting global buyers with India's diverse engineering manufacturing capabilities-from standard industrial products to custom-engineered solutions.

India's Manufacturing Strength.
VEDAM'S Sourcing Expertise.

One requirement.
Multiple solutions.
Unlimited possibilities.
India.

OUR ENGINEERING CAPABILITY DOMAINS

01

PRECISION ENGINEERED COMPONENTS

- ▶ CNC Machining
- ▶ Precision Turned Components
- ▶ Fabricated Assemblies
- ▶ OEM & Special Purpose Components

02

CASTINGS & FORGINGS

- ▶ Forgings
- ▶ Castings (Steel, SG Iron, Alloy)
- ▶ Investment Castings
- ▶ Heavy Engineering Parts

03

RUBBER, POLYMER & SEALING SOLUTIONS

- ▶ Rubber Moulded Parts
- ▶ Injection Moulded Components
- ▶ Oil Seals & Hydraulic Seals
- ▶ Gaskets & Sealing Products

04

HYDRAULIC, PNEUMATIC & FLUID SYSTEMS

- ▶ Hose Assemblies
- ▶ Hydraulic Fittings & Adaptors
- ▶ Pneumatic Components

05

BRASS & COPPER COMPONENTS

- ▶ CNC Machining
- ▶ Precision Turned Components

06

INDUSTRIAL MAINTENANCE & PLANT RELIABILITY

- ▶ Bearings, Housings & Units
- ▶ Couplings, Pulleys & Bushes
- ▶ Belts, Chains & Sprockets

07

REFRACTORY & THERMAL PRODUCTS

- ▶ High Alumina Bricks & Shapes
- ▶ Kiln Furniture & Furnace Products
- ▶ Insulation (Ceramic, Fibre, HiVac)
- ▶ Thermal & Process Materials

08

PROJECT SUPPLY & ENGINEERING PACKAGES

- ▶ Shutdown Materials & Spares
- ▶ Plant Expansion & Capacity Projects
- ▶ Multi-Vendor Supply & Consolidation
- ▶ Engineering Packages & Assemblies

09

ENGINEERED-TO-PRINT SOLUTIONS

- ▶ Drawing Based Manufacturing
- ▶ Reverse Engineering from Sample
- ▶ Sample Development & Prototyping
- ▶ Low to Medium Volume Production

partner for your project.

Executed International Engineering Projects

Representative projects demonstrating our engineering sourcing, manufacturing coordination and export execution capabilities.

01

SS 304 PRECISION COMPONENT Drawing-Based Manufacturing

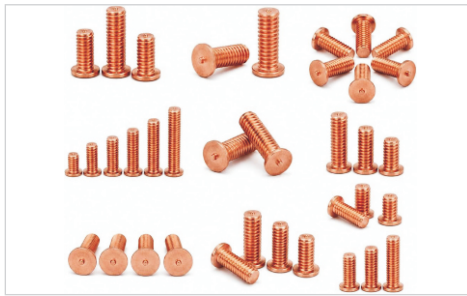

- ✓ Precision machining as per customer drawing
- ✓ SS 304 material with tight dimensional control

Exported to **Germany**

02

COPPER SPECIAL STUD Custom Machined Component

- ✓ Manufactured as per customer drawing
- ✓ Precision turned & threaded component

Exported to **USA**

03

FORGED FLANGES Heavy Forging & Precision Machining

- ✓ Forged and machined as per customer drawing
- ✓ 1000 mm dia. precision machined flange

Exported to **Saudi Arabia**

04

QUICK SEALING DEVICE Reverse Engineering / Sample-Based

- ✓ Developed from customer sample
- ✓ Reverse engineered and manufactured
- ✓ Application: Sealing in industrial systems

Exported to **Kuwait**

05

INDUSTRIAL DRIVE SYSTEM Project Supply & Engineering Coordination

- ✓ Complete drive system sourced & supplied
- ✓ Engineering coordination to final delivery
- ✓ Installed for industrial operation

Exported to **Bahrain**

06

HIGH ALUMINA REFRACTORY SYSTEM Refractory & Thermal Solutions

- ✓ High alumina bricks and shaped products
- ✓ Furnace lining and refractory assemblies
- ✓ Reliable performance in high temperature

Exported to **Kuwait**

Trusted by industrial customers across continents for engineered solutions delivered from India.

Let's Build Reliable Partnerships

Whether you are looking for a dependable sourcing partner, drawing-based manufacturing, reverse engineering support, or industrial products from India, VEDAM is ready to understand your requirements and explore the right solution with you.

HOW WE WORK TOGETHER

STEP 1

SHARE YOUR REQUIREMENT

Share your drawing, sample, specification, catalogue reference or application details with us.

STEP 2

WE EVALUATE & RECOMMEND

Our engineering team reviews your requirement, identifies the best sourcing and manufacturing solution, and shares a proposal.

STEP 3

RELIABLE DELIVERY

Production, quality inspection, export documentation and on-time shipment to your destination.
